

Dear Students and Parents/Guardian(s),

In light of recent decisions via the district, we will be moving to online learning until further notice. I have decided to use **Canvas** as the platform to house the *Exploration of Spanish* learning instruction. I will be posting announcements and weekly updates throughout the week. Please check the announcements tab on the home screen on Canvas to access these. As a reminder, you will go to portal.office.com, login using your school email and password, and then locate the Canvas app.

Students are expected to complete the module open on Canvas for the current week. Be sure to look at due dates for the module. You have one week to complete the module. It will close on Thursday at midnight of the assigned week. If you have questions, concerns, or need help with your assignments, please contact me via email (desiree.bunderson@psd201.org). I will be checking my email regularly Monday through Thursday from 8:00 AM to 4:00 PM. Please don't hesitate to reach out if you have any questions.

I will miss seeing all of you face-to-face, but it is more important that we all stay healthy! Maybe some of you will even prefer online learning!

Sincerely,

Desiree Bunderson

7th Grade Geograpy
