

Dear Students and Parents/Guardian(s),

In light of recent decisions via the district, we will be moving to online learning until further notice. For my class in U.S. History I will be using Canvas as the platform to house our social studies learning instruction. I will be posting announcements and weekly updates often.

You will go to [portal.office.com](https://portal.office.com), login using your school email and password, and then locate the Canvas app. Please check the announcements tab on the home screen on Canvas to access these. Students are expected to complete the module open on Canvas for the current week. Be sure to look at [due dates](#) for the module.

If you have questions, concerns, or need help with your assignments, please contact me via email ([jill.leishman@psd201.org](mailto:jill.leishman@psd201.org)). If one-to-one instruction is requested via email, I will make arrangements on an individual basis. I will be checking my email regularly Monday through Thursday from 8:00 AM to 4:00 PM. Please don't hesitate to reach out if you have any questions.
